

LO & SONS

Lo & Sons, an Asian-American-owned company founded by Helen Lo (at the age of 65!) and her two sons, Jan and Derek, has been creating premium, thoughtfully designed travel bags for over a decade. In addition to designing smart and stylish products, the company is committed to sustainability, integrity, and having a positive social impact. This takes many forms, including the materials used in products, the vetting of manufacturing partners, and the community initiatives the company supports. Beyond just business goals, Lo & Sons is driven by the desire to make the world a better place.
